INDUSTRIES DEPARTMENT NOTIFICATION

Simla-171002, the 2nd September, 1976

No. 9-55/75-SI(FC).—The Governor, Himachal Pradesh is pleased to order publication of Annual Report and Accounts for the year, 1975-76 of the Himachal Pradesh Financial Corporation in the Official Gazette as required under sub-section (3) of section 38 of the State Financial Corporation Act, 1951.

By order,
R. C. GUPTA,
Secretary.

**Report of the Board of Directors
of the
HIMACHAL PRADESH FINANCIAL CORPORATION**

for the year ended the 31st March, 1976

(Under section 36 of the State Financial Corporations Act, 1951)

The Board of Directors present herewith the Ninth Annual Report on the working of the Corporation together with the audited Statement of Accounts for the year ended the 31st March, 1976.

Review of operations during the year:

The Corporation achieved an all-round progress in its activities. Aggregate financial assistance sanctioned during the year, 1975-76 was Rs. 257.77 lacs against Rs. 302.40 lacs for the year, 1974-75. The decline in sanction of loans over the previous years is on account of non-completion of technical formalities at the appraisal stage by the Borrowers. The aggregate sanctions since the inception of the Corporation went upto Rs. 1,054.16 lacs. The average sanctions worked out to Rs. 99.95 lacs per year till last year and the same improved considerably to Rs. 117.13 lacs during the year under report. The Corporation has sanctioned 793 applications since its inception which also include 185 applications for the year, 1975-76. In spite of inflationary and recessionary trends, the over all disbursement made during the year revealed improvement in aggregate disbursement over the previous years.

The disbursement of industrial loans depends mostly on the progress in the execution of assisted projects and completion of various formalities. The pace of disbursements as compared to sanctions gained momentum in spite of the fact that sanctions during the year under report were lower than the previous year and the major disbursement could be effected against our sanctions during the previous year.

Position of applications sanctioned and disbursement of Loans:

The Corporation has been availing foreign currency loans under IDA Line of Credit through the Industrial Development Bank of India. The suggestions made by the IDA Mission in their latest report have been completely accepted by the Corporation. The Corporation during the year sanctioned three proposals for import of capital goods and foreign currency loans aggregating to Rs. 6.38 lacs besides rupee component of Rs. 5.81 lacs. Total sanctions under IDA Line of Credit amounted to Rs. 32.06 lacs in respect of four units out of which foreign currency loans amounted to Rs. 19.61 lacs.

The Corporation continued to entertain applications for loans from Rs. 0.10 lacs to Rs. 15.00 lacs from concerns other than those organised as Companies and Registered Co-operative Societies and upto Rs. 30.00 lacs from Companies and Registered Co-operative Societies.

The Corporation, during the year under review, received 228 applications for the aggregate amount of Rs. 528.74 lacs (including 8 applications for additional loan from existing loanees for an amount of Rs. 30.69 lacs) which together with those pending at the close of the last year made a total of 260 applications for Rs. 602.88 lacs from variety of industries such as Cement Products, Chemicals, Cold Storage, Food Preservation, Hotels, Plastic and Rubber goods. Powerlooms and Transport etc. The Corporation considered 225 applications amounting to Rs. 429.17 lacs during the year under report.

The Corporation effected disbursement of Rs. 186.79 lacs against new sanctions and a sum of Rs. 56.05 lacs was disbursed against previous partially disbursed sanctions, thus making total disbursement of Rs. 242.84 lacs. Adding disbursement of Rs. 423.31 lacs upto 31st March, 1975, the total disbursement at the close of the year stood at Rs. 666.15 lacs.

The Corporation continued to act as an Agent of the Government of India for disbursement of subsidy under Central Outright Grant or Subsidy Scheme, 1971, to those units which were located in specified Backward Districts and had obtained financial assistance from the Corporation. During the year under review, the State Level Committee appointed by the Government of Himachal Pradesh, sanctioned subsidy to 17 units amounting to Rs. 9.01 lacs in respect of units assisted by the Corporation. Adding the sanctions of previous year under the scheme, the total sanctions stood at Rs. 112.54 lacs to 78 units. The Corporation disbursed an amount of Rs. 24.12 lacs to 20 new units besides those which were partially disbursed during the previous year. Adding the disbursement of previous year, the total disbursement stood at Rs. 58.40 lacs to 56 units. The Corporation had filed claims for entire amount of subsidy disbursed with the Government of India and has received reimbursement of Rs. 50.55 lacs including Rs. 16.27 lacs during the year under report leaving a balance of Rs. 7.85 lacs recoverable from the Government of India besides the interest (Rs. 2.55 lacs upto 31st March, 1976) from the date of disbursement to the date of reimbursement. Efforts are being made to recover the amount expeditiously.

Industry-wise statement based on the International Standard of Industrial Classification showing applications received, sanctioned, rejected, withdrawn or lapsed and the amount actually disbursed to the respective industries upto 31st March, 1975 and from 1st April, 1975 to the 31st March, 1976, are separately given in Appendix A part I and II respectively. The information in Part I also includes the operational results of erstwhile Punjab Financial Corporation upto 31st March, 1967, in respect of industries located in the areas comprising the present State of Himachal Pradesh.

However, the position of applications for the year under review as also the cumulative figures at the close of the year are given in the following table:—

Particulars	(Rs. in lacs) Small scale		(Rs. in lacs) Others		(Rs. in lacs) Total	
	No.	Amount	No.	Amount	No.	Amount

Loans disbursed	660	516.55	9	149.60	669	666.15

Amount-wise, Industry-wise, District-wise, and Constitution-wise classifications of loans upto 31st March 1976. are given in Appendix 'B', 'C', 'D' and 'E' respectively.

The following statement will show at a glance the net results of the working of the Corporation upto the year 31st March, 1976:—

	Rs.
(i) Loans sanctioned upto the year 31st March, 1976	10,44,46,280.00
(ii) Less: sanctions declined/cancelled/withdrawn	1,18,15,948.37
(iii) Net sanctions (i) — (ii)	9,26,30,331.63
(iv) Less: Cases fully repaid	99,05,317.42
(v) Effective sanctions (iii) — (iv)	8,27,25,014.21
(vi) Net sanctions at (iii) above	9,26,30,331.63
(vii) Less: Loans not disbursed in respect of sanctions fully repaid	5,67,814.69
(viii) Less: Loans disbursed to 669 concerns	6,66,15,333.32
(ix) Balance of loans commitments (vi) — (vii + viii)	2,54,47,183.62
(x) Total loans outstanding as on 31st March, 1976	4,98,42,080.12

The above statement does not include underwriting assistance of Rs. 9.70 lacs to one industrial concern.

At the end of the year 36 applications for an aggregate amount of Rs. 183.41 lacs were pending for consideration.

It will be seen from the above that 229 number of loan proposals received during the year have registered a remarkable increase over the figure of 173 during the previous year. The gross sanction of loans during the year for aggregate amount of Rs. 257.77 lacs, have however, declined due to technical formalities. The sanctions withdrawn/reduced during the year, were of the order of Rs. 42.79 lacs and pertain mainly to general industries. Such action arose because either the parties were not serious in implementing the schemes or could not comply with the usual terms and conditions of the loan.

Underwriting of Share Capital of Assisted Concerns:

Although the underwriting of share capital of assisted concerns is one of the authorised business of the Corporation, the same was not undertaken previously due to meagre resources. The Corporation received one application for an amount of Rs. 9.70 lacs during the year under report and the same was sanctioned on an experimental basis. As the Corporation has not framed any specific policy in this regard, the Board of Directors decided to adopt the policy framed by the Industrial Finance Corporation of India.

The year under report has strengthened the foundations of the Corporation and it is expected that the pace of progress achieved so far will be maintained in future.

Rate of Interest:

The present lending rate structure of the Corporation came into force with effect from 1st of December, 1975 consequent upon the revision in the refinance rate by the Industrial Development Bank of India and is as under:—

2. Small Scale Industries	..	25%
3. Hotel Industry	..	25%
4. Transport Industry (by road and water)—

(b) Stage Carriers	..	40%
5. Loans exclusively for working capital	..	50%

All eligible loans to small scale industries were got guaranteed from the Credit Guarantee Organisation and guarantee fee was paid by the Corporation. Similarly eligible loans in respect of the transport industry were got guaranteed from the Credit Guarantee Corporation of India Limited (subsidiary of Reserve Bank of India) and the guarantee commission was charged from the borrowers, the rate being ½% per annum.

Raising of additional funds:

Refinance:

It is a matter of gratification that liquidity position of the Corporation throughout the year remained very satisfactory. Beside the realisation of principal and its interest from loanee concerns, the Corporation took full advantage of refinance facility offered by Industrial Development Bank of India, which became a handy source for augmenting the resources of the Corporation.

During the year under review, the Corporation approached the Industrial Development Bank of India for refinance of 157 cases for Rs. 256.39 lacs which together with 27 cases pending at the close of previous year made a total of 184 applications for Rs. 409.62 lacs. The corporation availed of refinance to the extent of Rs. 200.14 lacs during the year under review. The balance amount would be availed of as and when necessity arises. At the close of the year 15 applications for Rs. 143.05 lacs were under consideration with the Industrial Development Bank of India.

The above position has been summed up as under:—

The total refinance availed of by the Corporation upto 31st March, 1976, including Rs. 14,19,087.00, comprising of foreign currency loan of Rs. 10,78,258 and rupee component of Rs. 3,40,829 under I.D.A. Line of Credit, amounted to Rs. 4,22,75,365.04 and the balance outstanding stood at Rs. 3,09,47,004.04.

Floating of Bonds:

In order to further augment its resources, the Corporation floated during the year under report two series of bonds for Rs. 25.00 lacs each with option to retain 10% excess contribution in October, 1975, and February, 1976. The said bonds were fully subscribed to the extent of Rs. 55.00 lacs. These bonds are repayable after 10 years and carry interest at the rate of 6-1/4% per annum. The issue price of bond of Rs. 100 was Rs. 98.85.

The Reserve Bank of India also allowed during the year under report a limit, to borrow from it, to the extent of Rs. 54.00 lacs against *ad hoc* bonds of Rs. 60.00 lacs. Since the bond is required to be guaranteed for the repayment of principal and interest thereon, by the State Government and proper notification is yet to be issued in this behalf. Therefore, this facility has not been utilised so far.

The statement indicating the sources and uses of funds during the year under report is attached as Appendix 'II'.

Share Capital:

During the last year the Corporation had decided to increase its capital by Rs. 35 lacs, raising its paid up capital from Rs. 61 lacs to Rs. 96 lacs. The proposal has now been finalised and it has been decided that the Industrial Development Bank of India will subscribe to the tune of Rs. 30 lacs and the balance Rs. 5 lacs will be contributed by the State Government who have also assured the availability of funds to this extent during the next financial year. Accordingly the matter has been taken up with the State Government for guaranteeing the repayment of principal and payment of annual dividend thereon which is in the course of process and is likely to be finalised soon.

Special Capital:

In pursuance of Section 4A of the State Financial Corporations Act, 1951, the Corporation has decided during the year under report, to raise its issued capital further from Rs. 96 lacs to one crore of rupees in order to enable the State Government to allocate Rs. 4 lacs for the issue of special class of shares to be contributed proportionately by the State Government and the Industrial Development Bank of India. The State Government has accordingly been requested to finalise the subscription and to decide the purposes and manner for utilisation of special capital for soft loans, in consultation with the Industrial Development Bank of India. The matter is likely to be finalised in due course.

Repayments:

Progress of Re-payment:

The total amount of interest due on loans during the year under review was Rs. 41.45 lacs out of which an amount of Rs. 31.75 lacs (including Rs. 1768.72 received in the Court) was actually received, which also included part payment of interest in arrears at the close of the previous year. The default at the close of the year under review stood at Rs. 16.87 lacs. Further a sum of Rs. 11.45 lacs accrued as interest on the total advances during the year under review, but this amount actually falls due for payment after 31st March, 1976.

According to the schedule of repayment of principal, the total amount which fell due during the year under review was Rs. 63.22 lacs. The actual repayment of principal, however, amounted to Rs. 53.02 lacs (including Rs. 26,870.40 received in the Court) which also included part repayment, in respect of principal in arrear at the close of the previous year. The defaults at the close of the year under review amounted to Rs. 39.49 lacs. The percentage of cumulative defaults (excluding suit filed cases) to total outstanding works out to 4.2%. Delays and defaults in the repayment of loans were mainly due to inflationary trends, marketing problems, non-availability of prompt power connections, scarcity of raw material, furnace oil and fuel etc., with the result that the defaulted units could not run to the full capacity.

Irregular Accounts:

In cases of parties which were not in a position to clear the accumulated arrears, re-scheduling of loans was done with a view to mitigate their hardships. Some of the units which were not working satisfactorily for want of money were also sanctioned additional loans. In cases where all efforts to recover the arrears failed, legal proceedings were instituted. At the close of the year, 26 cases against which legal proceedings have been initiated involving Rs. 36.34 lacs, were pending in various Courts and were being vigorously pursued. Out of aforesaid cases, five cases pertain to transport industry involving an amount of Rs. 0.75 lac and the balance amount pertains to general industries. It is expected that most of the cases are likely to be decided in favour of the Corporation during the next financial year.

Premature Re-payment:

In addition to the above, an amount of Rs. 3.17 lacs was received from the loanee concerns prematurely. This amount includes Rs. 0.12 lac in respect of general industry and balance in respect of transport industry. In addition, an amount of Rs. 3.79 lacs was received although the same was not due during the year.

The working of the Steel Re-rolling Mills financed by the Corporation was reviewed by the Board of Directors during the year under report and since the Mills were lying closed due to glut in the steel market, it was decided to grant moratorium of one year upto 31st March, 1977 for repayment of interest and two years for repayment of principal upto 31st March, 1978. The above figures of default include principal amount of Rs. 1,87,000 and interest amount of Rs. 1,38,219.08 in respect of four such units. The Board of Directors have also deferred the repayment of principal amount of Rs. 2.00 lacs in respect of a Chemical unit but this amount has been included in defaults as the revised repayment schedule has not been incorporated in the documents.

A statement containing the details of default cases of more than six months and exceeding loans of Rs. 2.00 lacs, excluding the suit filed cases is also attached at Appendix 'IV'. All the amount of loans were reviewed by the Board and no case was considered as doubtful of recovery. During the previous year the Corporation had taken a policy decision to create an interest Suspense Account, to which shall be transferred such interest accrued on suit filed debts where six continuous instalments have not been received. A sum of Rs. 37,867.50 had been credited to Interest in Suspense Account upto the year ended 31st March, 1975. A further sum of Rs. 1,16,206.19 has been credited to this account during the year under review. The Board of Directors during this year have decided that interest in respect of units which have not paid any amount for four instalments continuously the credited to Interest in Suspense Account instead of six instalments as decided earlier. This decision has been implemented from the year under report.

Post Sanction Inspections :

During the year under review, due post sanction inspections of all the units which had completed the projects were conducted. In addition verification of utilisation of loans in respect of cases under completion were also carried out. These verifications more or less gave the same information as the post-sanction inspections. The inspections revealed the features such as irregular accounts, deficiencies in implementation of the Schemes, non-submission of audited balance sheets and profit and loss account and financial difficulties more particularly in the sphere of working capital. The deficiencies were brought to the notice of the management of the concerns for taking effective remedial measures.

Annual Accounts :

During the year 1975-76, the working of the Corporation resulted a gross income of Rs. 48,86,596.44 against Rs. 29,81,404.79 of the previous year and net profit of Rs. 18,02,650.43 against Rs. 12,95,092.81 during the previous year. During the year under report, the Corporation has received refund of income tax of previous years amounting to Rs. 31,714. The following appropriations have been made out of the profits (including refund of income tax) in the balance sheet resulting in the available balance of Rs. 1,83,000/-.

	Rs.
(i) General Reserve Fund	45,065.28
(ii) Special Reserve for the purpose of Section 36(i)(viii) of Income Tax Act, 1961	7,21,060.17
(iii) Reserve for bad and doubtful debts	1,35,195.83
(iv) Provision for Taxation for current year	6,37,010.00
(v) Provision for repayment of Subvention	1,13,033.00
(vi) Balance available	1,83,000.00

The Board of Directors have decided to repay the subvention obtained from the State Government during 1967-68, 1968-69 and 1969-70 for meeting the liability of payment of guaranteed dividend under Section 6 of the State Financial Corporations Act, 1951, out of the profits. The Board of Directors have also declared a dividend at the rate of 3% per annum per share on 61,000 shares of Rs. 100/- each for the current year. A sum of Rs. 1,83,000.00 is payable as dividend on entire paid-up share capital which amount is available out of our net profit after providing for statutory reserves. It would thus be observed that the Corporation has earned adequate net profits during the period under review to meet all its liabilities.

A statement showing figures of net profits and their appropriations is attached as Appendix 'F'.

Reserves :

In terms of section 35(i) of the State Financial Corporations Act, 1951, the Corporations are required to establish a Reserve Fund. The Act does not specifically prescribed the quantum of allocation to be made to the Reserve Fund every year. In the absence of specific provision and also owing to the fact that the Corporation has not been drawing any subvention from the State Government for the payment of guaranteed dividend, the quantum of allocation to the Reserve Fund by the Corporation has so far been determined on *ad hoc* basis. The Corporation is engaged in providing medium and long term loans and the nature of its business involves considerable risk. It has, therefore, been felt to continue the policy to strengthen the Reserve for Bad and Doubtful Debts and at least 75% of the surplus available after providing for taxation dividend and exemption under section 36(i)(viii) be credited to this fund. The reserve so far created by the Corporation provide sufficient cushion to cover risks. The reserves at the close of the business on the 31st March, 1975 stood as follows:—

	Rs.
(i) General Reserve Fund under Section 35 of the State Financial Corporations Act	97,565.27
(ii) Special Reserve Fund under Section 35A of the State Financial Corporations Act	7,95,777.00
(iii) Special Reserve for purpose of Income Tax Act under Section 36(i)(viii)	12,68,713.17
(iv) Reserve for Bad and Doubtful Debts	2,25,767.01
(v) Additions during the year under Section 35A	1,69,695.00
Total	25,57,517.75

Under Section 35A of the State Financial Corporations Act, 1951, the Corporation may establish a special Reserve Fund, to which shall be transferred such portion of the dividends accruing to the State Government and the Industrial Development Bank of India on the shares of the Financial Corporation as may be fixed by an agreement between the State Government, the Industrial Development Bank of India provided that the total amount in the said fund shall at no time exceed 25% of the paid up capital of the Financial Corporation. The State Government and Reserve Bank of India (now substituted by Industrial Development Bank of India) have granted general permission to the Corporation to transfer the amount of dividend accruing to them to the special Reserve Fund till the amount in the fund reached the level of 25% of the paid-up capital.

To sum up, the various Reserve Funds of the Corporations now stand as under:—

	Rs.
(i) General Reserve Fund under Section 35 of the State Financial Corporations Act ..	1,42,630.85
(ii) Special Reserve under Section 35A of the State Financial Corporations Act ..	9,65,472.00
(iii) Reserve for Bad and Doubtful Debts ..	3,60,962.84
(iv) Special Reserve for purpose of Section 36(i)(viii) of the Income Tax Act ..	19,89,773.34
Total ..	34,58,839.03

The total reserves are therefore 56.7% of the paid-up capital of the Corporation as against 39% in the previous year, which is quite satisfactory. To this amount will be added another amount of Rs. 1,69,695/- as Special Reserve Fund under Section 35(A) of the Act after the dividend has been declared at the Annual General Meeting in June, 1976. After addition of the aforesaid amount, the total reserves will be 59.4% of the paid-up capital as against 42% in the previous year.

MANAGEMENT LETTER FROM THE AUDITORS TO THE BOARD OF DIRECTORS

Himachal Pradesh Financial Corporation

In our opinion, the accompanying Balance Sheet and the financial statements (Annexure I to V) subject to the notes thereon present fairly financial position of Himachal Pradesh Financial Corporation as at 31st March, 1976 and the results of its operations and the sources and applications of funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year. Our examination of these statements was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The accompanying supplemental data and schedules, though not considered necessary for a fair presentation of the financial position and results of operations and sources of application of funds, are presented principally for supplementary analysis purposes and to give information as to the scope of work. While our examination was made primarily for the purpose of formulating our opinion on the current year's basic financial statements (Annexure I to V), the additional data have been subjected to the same audit procedures and, in our opinion, are stated fairly in all material respects when considered in conjunction with the financial statements taken as a whole.
